

## COVID-19 HRSA Uninsured Testing and Treatment Fund – 835 processing

In these unprecedented times, Cerner HDX is reaching out to your organization to provide assistance with processing of the uninsured patient remittances affected by COVID-19.

Please see the Health Resources and Service Administration (HRSA) communication regarding the COVID-19 HRSA Uninsured 835 file. According to HRSA's announcement, the COVID-19 HRSA Uninsured 835 Remittance files will not be made available to clearinghouses for automatic retrieval and electronic processing.

Each organization is responsible for retrieving the files from the Optum Pay Portal and providing the files to HDX. Your organization will need to establish retrieval/retention processes for the COVID-19 HRSA Uninsured 835 files. Please quickly contact Optum directly for any questions.

Providers have the option to electronically process COVID-19 HRSA Uninsured 835 files through Cerner HDX for only those sites contracted with Cerner and currently using Cerner HDX for electronic remittance processing. If your organization is interested in this functionality and would like assistance from Cerner HDX to electronically process these files, please contact your Cerner HDX ERS Consultant ([Lynn Keim](#), [Ann Bestany](#), [Debra Radzvilka](#), [Tracy Wise](#), [Annette Murillo](#)).

Your Cerner HDX ERS Consultant will work with you to identify what is needed to send COVID-19 HRSA Uninsured 835 files to Cerner HDX.

Please note that HDX anticipates a high demand for this functionality and recommends contacting us as soon as possible. In the event you are unsure about your Cerner HDX ERS Consultant contact, please contact [Ann Bestany](#).
